"The true teachers are those who help us think for ourselves."

- Sarvepalli Radhakrishnan

Established in 1966, DAV College of Education has been a progressive institution devoted to facilitating state of the art training and education for the teachers of tomorrow.

With heartiest congratulation to the aspiring teachers who would be learning and growing with us for the upcoming session, I take the responsibility to communicate the amendments made to B.Ed curriculum to be adopted in the future. Teacher preparation for all school stages will be offered only in multidisciplinary universities through a four year programme. Henceforth, now is the best opportunity to enroll in a two year programme. The curriculum has been designed to integrate the study of subject knowledge, human development, pedagogical knowledge and communication skills. The programme comprises of three broad curricular areas: Perspectives in education, Curriculum and Pedagogic studies, and engagement with the field.

Our students have always been encouraged and have brought us accolades by participating in all range of curricular and extracurricular activities. I feel proud to announce the overall trophy of Zonal Youth Festival 2018 our students were adorned with for their diligence and immense talent.

The future belongs to those who believe in the beauty of their dreams. I invite on this journey of enormous potential and growth to strive forward and make world a better place for all.
